

IQeye Alliance *series*

NETWORK CAMERAS

Vandal-Resistant Dome Camera

IQinVision raises the bar again with the first fully-integrated, indoor/outdoor megapixel dome camera line, the Alliance.

Available from VGA to 5.0 megapixels, every IQeye Alliance dome is PoE and includes a megapixel quality varifocal lens that works in a wide range of applications. The 3-axis gimbal and unique pivoting shroud eliminate alignment problems and make it easy to configure – and like all IQinVision products, the Alliance Dome Camera system is

designed to save time and money on installation and maintenance. The IQeye Alliance's solid aluminum construction and impact resistant polycarbonate bubble make it tough enough for any environment and its low-profile design is the perfect balance between discreet and deterrent.

Alliance – a best-in-class megapixel dome camera from the company that wrote the book on megapixel. *IQeye, when you can't afford to miss a thing.*

IQeye Alliance - Dome Camera

IQrecorder™

Available with every IQeye, IQrecorder enables you to record and playback crisp, clear IQeye Resolution™ images using affordable network storage *with no client software*.

IQauthenticate™

Every IQeye is also available with on-camera, digital authentication that protects images right in the camera. IQauthenticate addresses the image manipulation problem *at the source* ensuring your evidence has not been compromised.

IQfocus™

The IQfocus utility lets you use popular hand-held CCTV monitors and eliminates the hassles of focusing cameras over slow networks.

IQcameo™

With IQcameo users can quickly and easily create up to three independent “area of interest” streams from the full view and displays them on a single web page.

- Vandal-resistant, low-profile surface mount housing
- Full 3-axis gimbal
- 64 independent video streams with IQcameo
- Optional H.264 with audio
- Analog video out for installation/set-up
- Secondary full-time analog video for public view monitor
- SD HC card for on-camera storage
- VGA Resolution @ 30fps
- 1.3 MP resolution @ 15 fps
- 2.0 MP resolution @ 15 fps
- 3.0 MP resolution @ 12fps
- 5.0 MP resolution @ 10fps
- Pivoting, hinged lens shroud
- Exclusive multi-megapixel rated lens
- LIGHTGRABBER II low-light feature
- IEEE 802.3af – Power-over-Ethernet or 12V DC input
- Low 2.5 watts power consumption
- Privacy Zones, Digital Image Cropping
- Adjustable Exclusion zones for harsh lighting conditions
- 0.2 lux
